# ‘keep’ your own hair

**TOUPIM**  
OWN-HAIRBAND

## Your hair on a hair band

Seeing your hair fall out or watching it be put in the bin is distressing and can now be a thing of the past. With Toupim, your hair is saved, sent to us and turned into a comfortable own-hairband you can wear in combination with your favourite hat or scarf to help you feel like you. We can also use donated hair.

## How does it work?

You cut your hair, send it to us, we create your Toupim hairband and send it back to you ASAP ready to wear. Cutting your hair is a difficult step but we make the process very simple through clear and specific instructions. Timing is essential.

## Experiences

Curious about experiences and reactions from others? Check out their stories:

Roos:

*"I found chemotherapy and losing my hair really intense. Wearing my Toupim own-hairband always puts a smile on my face. It is so very comfortable! 100% recommend."*
